Livspace

LIVSPACE combines versatile desking and panel systems to suit diverse work styles, fostering a dynamic atmosphere in modern offices. It's a fusion that elevates the work experience, seamlessly integrating function and aesthetics to create an enriching environment conducive to productivity and collaboration in today's dynamic workspaces.

Work + life

In the era of swanky, globally inspired offices, achieving the delicate balance between functionality and inspiration is paramount. No longer mere shelters for work, these spaces are extensions of our lives, demanding environments that foster comfort and creativity. From undivided focus to collaborative endeavors, modern workplaces must seamlessly facilitate diverse tasks. It's no longer about wooden desks and eight-hour stints; it's about crafting environments where people thrive, spending more waking hours than at home. A successful workplace effortlessly caters to varied needs, ensuring productivity and satisfaction in every task, from content creation to collaborative review sessions.

1 managerial

Versatile Design and Configuration for Diverse Management Styles. Adaptable to various management approaches, our design offers flexible solutions whether you need an open office for enhanced team collaboration or private, enclosed spaces for confidential tasks.

2 conference

Continuing the sleek understructure and legs, our design seamlessly extends into conference rooms, making it ideal for small meetings to large boardrooms. The elegant yet robust framework ensures durability while enhancing modern aesthetics, offering versatility and sophistication for diverse corporate settings.

3 co-create

Predominantly suited for creative professionals who thrive in isolation but occasionally need to collaborate. This design seamlessly integrates private workspaces with areas for quick discussions, ensuring both focused productivity and team engagement. It balances solitude with interaction, catering to dynamic creative workflows.

4 focused

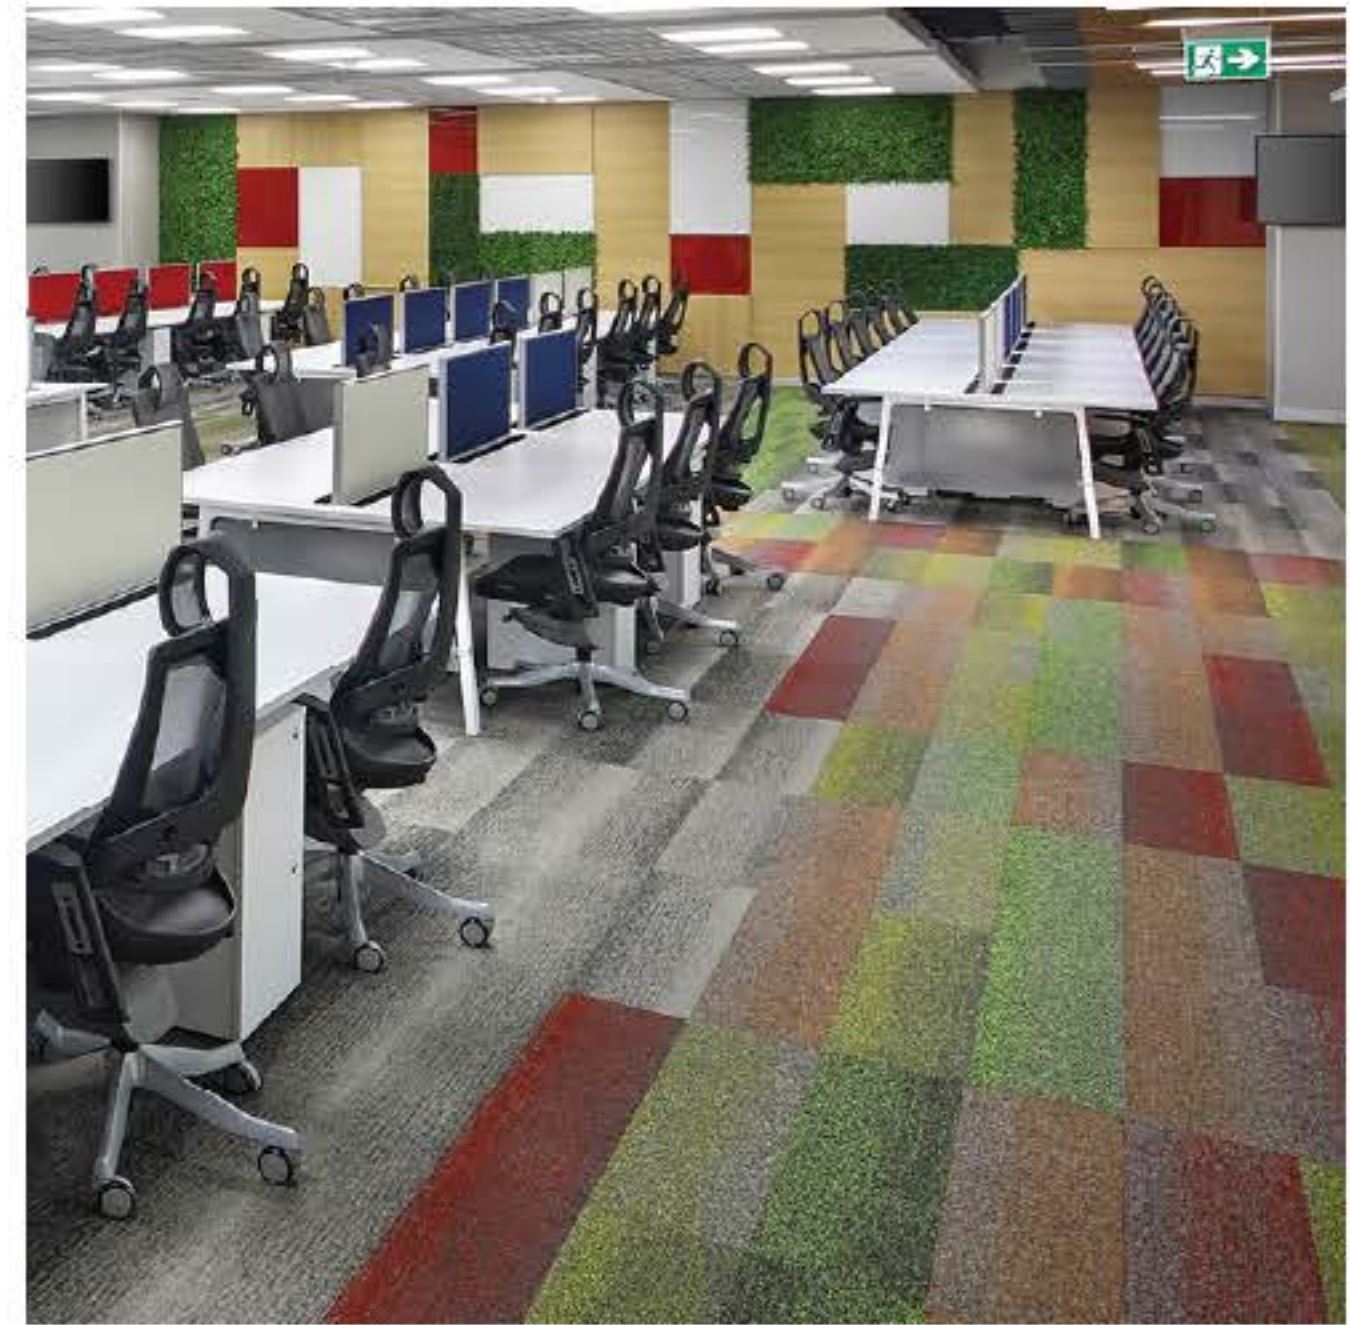

Designed to support focused individual work, this solution features integrated cable management and higher privacy panels for enhanced concentration. It caters to the needs of professionals requiring a distraction-free environment, combining functional organization with a sense of seclusion.

5 project

Perfect for project-centric teams, this design fosters seamless communication and collaboration while allowing for focused work and privacy. It balances open interaction with dedicated spaces, ideal for teams needing both collective and individual productivity.

6 functional

A dynamic solution ideal for departmental teams needing limited collaboration, adjustable privacy, and ample document storage. This design provides flexibility for focused tasks and easy access to essential materials, balancing teamwork and individual needs effectively.

Desking + Panel System

LIVSPACE is a truly versatile fusion furniture system, seamlessly integrating desking and panel functionalities or standing alone as either. Its innovative core structure, featuring uniform aesthetics and handshake beam joinery, offers flexibility in creating diverse work environments and layouts, epitomizing adaptability and modern design.

**benching with fabric screen
+ extended worktop**

LIVSPACE offers a harmonious blend that fosters individual creativity while accommodating group needs and limits. Each user can tailor their own desk, while shared tables facilitate group discussions. This balance comes with remarkable design flexibility and streamlined storage planning, defining clear boundaries. At the same time, the extended work surfaces enhance team collaboration..

FOCUSED + COORDINATE

LIVSPACE's workstation design features broad, unbroken spans that enhance aesthetics. Sleek return separators and screens boost privacy and focus. For collaboration, the workspace easily expands with an extended tabletop, facilitating impromptu discussions while maintaining a clean and visually appealing environment

INCLUSIVE + EXCLUSIVE

LIVSPACE's enables the creation of highly personalized office layouts, offering private cabin functionality while fostering team collaboration. It achieves a seamless blend of privacy and inclusivity, providing a cohesive and visually harmonious workspace. This design flexibility supports diverse work styles, enhancing both individual focus and group interaction.

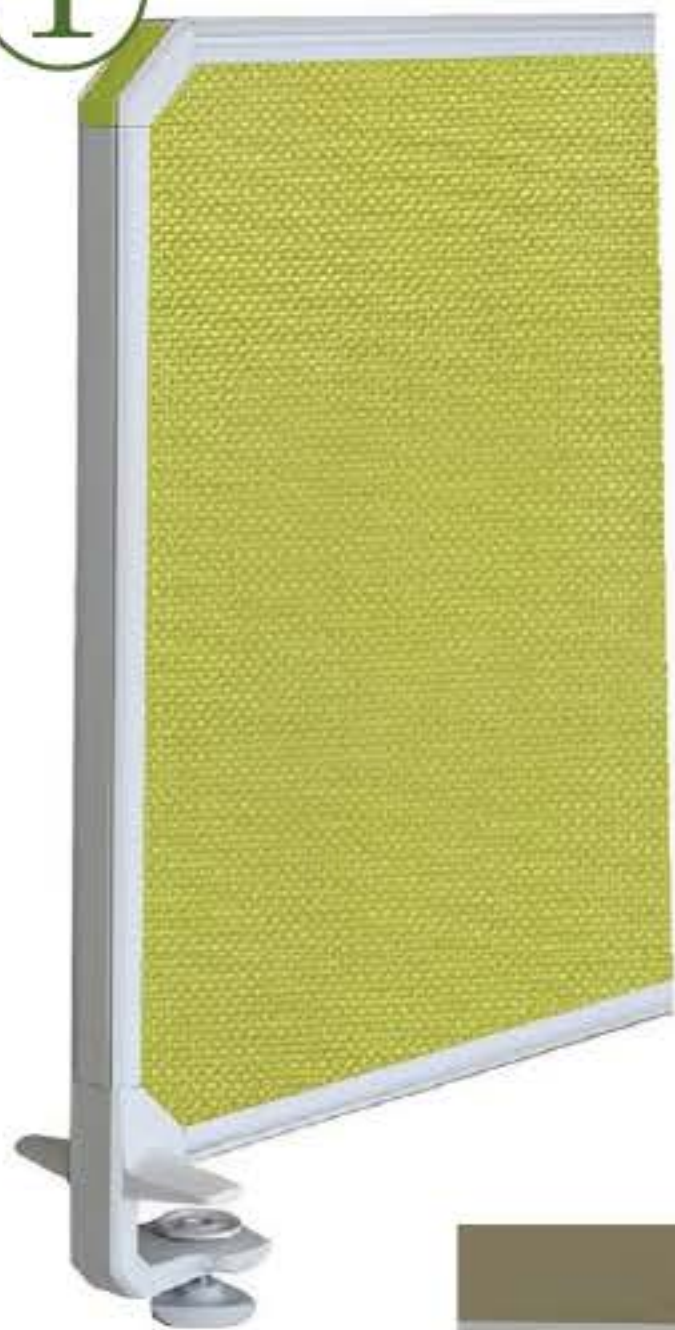

SIMPLIFICATION + UNIFICATION

LIVSPACE's panels feature a unified construction, arriving pre-assembled and pre-packaged, which simplifies installation. Their block design ensures enhanced stability over traditional tiles. The integrated beam acts as a robust structural spine and a conduit for data and power, optimizing connectivity and functionality within the workspace, thus streamlining office setup and operations.
